

The Secret of Perfect Health

lies in the perfect functioning of the digestive organs and of those whose duty it is to free the system of harmful waste matter. Sick headaches, nervousness, indigestion, and insomnia—these are ways in which stomach, liver, and bowels ask for the help SANALT the Sensible Tonic, can give them.

Don't confuse SANALT with cathartics. It is different—a reconstructive tonic composed of the most valuable vegetable alteratives and entirely free from opiates, narcotics, or other harmful drugs.

The wise physician who originated the formula for SANALT over 100 years ago knew that stomach, liver, kidneys, and bowels must be naturally stimulated—not forced—to normal action. That is what SANALT does. And that is why SANALT has been able to restore health to thousands as it did to Mr. Edmund Burke of 24 Beckwith Street, Providence, R. I., who says:

"I had suffered from constipation for years. Cathartics forced my bowels to act, but I had to keep taking larger doses all the time to get action, and yet the trouble kept getting worse. When my stomach went back on me and spells of terrible headache followed me, I was surely scared. When a friend told me that Sanalt would fix me so that I would not need cathartics I did not believe him. But my friend persuaded me to try it. I did not notice much change at first. In fact, my stomach and bowels showed improvement before the bowels did. But after two bottles of Sanalt I knew why it is called 'the Sensible Tonic,' for then my bowels were acting naturally, my digestion was perfect, appetite O. K., my complexion was much improved, and what surprised me most, instead of increasing the dose, I took less and less while using the last bottle and got the same result. Then I stopped entirely and kept well just the same."

You can get SANALT or the other famous Winsol products, at any drug store. For Winsol preparations are one line of trade-marked proprietary remedies sold by both Winsol Agents and non-agent druggists. No need to accept substitutes. Any druggist can get Winsol remedies for you through his jobber.

NEUROPATHIC DROPS, the great emergency medicine, and CERIZANE BALSAM, for coughs, are two Winsol remedies that should be kept in every home. Ask your druggist about them.

ANNOUNCEMENTS

Broad Theatre
Tom Mix in his latest Fox thriller, "Skin-Deep," is booked for the Broad theatre today and Saturday.
This picture is declared to contain the high speed record of Mix's long career. It starts full speed ahead and only lets down twice in the action—once when Tom slides down the side of a cliff on a rope, and again when he drops out of an airplane into the Colorado river.
It might be added that the Grand Canyon of Arizona is a prominent member of the cast and gives able support to Mix. It allows the redoubtable star to skim around its dizzy edges on Tony, his horse, and to ride through its dangerous air pockets in a plane. It shows remarkable self-control as Tom glances and ricochets off its side. Heavily speaking, the scenes in the Grand Canyon are said to be the most marvelous pieces of motion picture business ever attempted.
George Walsh will also be seen in the closing chapter of "With Stanley in Africa," and Charles Hutchinson in the opening episode of "Go Get 'Em Hutch." Chas. King, and in this, his latest serial he has the thrilling thriller at which you ever thrilled. A Pathe News and a Sunshine Comedy make up the remainder of the bill.

Keith Vaudeville Pleases at Broadway Theatre.

The five well diversified B. F. Keith vaudeville acts at the Broadway theatre were well received by yesterday's enthusiastic audience.
The headliner is Rose Taylor and Four Dandies, who presented a whirling singing, dancing and acrobatic sensation, who were on the go from start to finish.

Adonis & Co. appeared what is termed as a New Artistic Novelty. Adonis brings in a little star named "Pierre." He was picked up on the street in the gay capital of France at the outbreak of the war.

Lehr & Kennedy called their act "Making Up." They furnish a good variety of song, dance and talk that was well received.

Williams, Young & Charles Wheeler are called Bachelors of Music. They use a piano and violin to create laughs and are thoroughly accomplished musicians.

Dane, Martin & Dane offer a piano and singing act that was well received.

Motion picture fans who have escaped the temptations of "oil stock offered cheap" will have a silent snicker to themselves in seeing Charles Ray's latest starring picture for First National, "Gas, Oil and Water," which is the current attraction at the Broadway theatre.

She Outdoes the Serial, Thriller As

Heroine in Picture "Manslaughter."

as—R. R. hrdin rdu rdu rdu dnd
The filming of serial pictures is regarded as the most hazardous type of picture-making work. But Leatrice Joy believes differently.

The charming Cecil B. DeMille actress asserts the appearing before the camera under Mr. DeMille's direction puts to shame all serial thrills ever experienced. Here are some of the hair-raising demands that were made upon her by her role in "Manslaughter" that is at the Strand theatre now.

To race with a speeding train, attempt to cross in front of it, onto the tracks and then escape by a matter of inches from annihilation.

To drive a car at a terrific speed in attempting to escape arrest for speeding, skid into a turn and cling to the wheel as the pursuing motorcycle officer crashes into her car and hurls across it to his death.

These were some of the thrills of the making of "Manslaughter." The preceding Cecil B. DeMille production "Saturday Night" recorded Miss Joy driving a roadster into a trestle and hanging suspended beneath it while a passing train crashed into the stalled car. Another series of scenes in the same picture depicted a thrilling tenement fire in which Miss Joy narrowly escaped death.

If you've never been to a theatre before you will do an injustice to yourself if you don't see this master-producer, and at the regular schedule prices, too.

"The Storm Is Coming."

The awesome stillness of frozen wastes, snowbanked—
The whispering quiet of giant, snow-weighted sentinel trees—
A primitive man—
A man sick of women and tired of love—
An innocent girl thrown upon them by chance—
And a cabin in the midst of the loneliness.

Put these all together, they spell "trouble." And so they do in the Universal-Jewel production, "The Storm," starring House Peters at the Strand theatre next Monday, Tuesday, Wednesday.

It is a picture of top notch calibre, with Matt Moore, Virginia Valli, Josef Swickard, Gordon McGee and Frank Langdon in support of Peters, directed by Reginald Barker, the producer of "The Old Nest."

Langdon McCormick wrote the play from which the picture was adapted and which made New York stage history.

"The Storm" was the sensation of a season, and its dramatic possibilities were readily recognized by Universal.

Another sensation at regular prices.
